

Dear Parents and Families,

On Friday, the State Government announced that all government schools will have pupil-free days this Friday and the first Tuesday of next term to prepare for the possibility that we will need to move to more flexible learning arrangements, including remote learning, in response to COVID-19. Catholic Education Commission Victoria has today strongly recommended that Catholic schools follow this directive.

As a collective, our Sunraysia schools have decided to make this Friday a School Closure Day. This will provide an important opportunity for our schools to consolidate our preparations if and when longer closures come into effect. We will inform you immediately of any other Government/CECV directives as they are announced officially.

We thank parents for your co-operation in these ever-changing circumstances.

Yours sincerely,
Narelle Gallagher
